

The background of the cover is a photograph of a large white SLSB International truck driving on a multi-lane highway. The truck is angled towards the right, and the SLSB International logo is visible on its side. The sky is clear and blue, and the road has white lane markings. The overall image has a warm, golden-hour lighting effect.

FUEL TREATMENT

GREEN FUEL MAX

Green Fuel Max (GFX) is a high-performance diesel & petrol fuel treatment specially formulated to improve fuel efficiency, protect your investment, and provide ongoing optimization for your fuel system. A completely organic product, GFX offers an all-in-one solution that is both highly effective and environmentally safe.

GREEN FUEL MAX LIGHT MARINE

Green Fuel Max Light Marine (GFXLM) is a high-performance Marine diesel fuel treatment specially formulated to improve fuel efficiency, protect your engine from water and sludge, and provide ongoing optimization for your fuel system. A completely organic product, GFXLM offers an all-in-one solution that is both highly effective, economical and environmentally safe.

GREEN FUEL MAX MARINE

Green Fuel Max Marine (GFXM) is a complete fuel treatment solution for HSFO / LSFO / ULVSFO fuel oils. Using a complex proprietary blend, GFXM delivers optimal efficiency and significant cost reductions for your operation. All natural and non-toxic, GFXM is bio-degradable and environmentally safe.

INDUSTRIAL

BIO CLEAN

Biological breakdown of fats, oils, grease, proteins and starches in waste water. Reduce sludge in sewage ponds, fat build-up and blocked drains. Used in wastewater treatment ponds, tanks, lagoons, Sewage treatment systems, Intensive animal and food processing industries, Winery and Breweries where remediation of wastewater is important.

KILLER CLEAN

Killer Clean is a powerful all-purpose cleaner and no-rinse sanitiser ideal for use in food preparation areas. Killer Clean is a concentrated quaternary disinfectant that keeps bacteria to the lowest possible counts. Killer Clean sanitises floors, walls, benches and processing equipment and can be used wherever a hospital grade sanitiser is required

GREEN CLEAN - NATURAL DEGREASER

Green Clean is a strong multi-purpose industrial cleaner and degreaser. It can be used for heavy duty degreasing of floors, walls, food preparation benches and toilets as well as an effective oven and grill cleaner, and for general spray and wipe.

T800 - SUPER STRONG DEGREASER

T-800 is an aggressive degreasing and cleaning solution for any hard to degrease projects. T-800 is an industrial grade product that quickly removes bitumen, grease, tar, wax, gum, adhesive, solder flux, resin and lubricants. Its concentrated formula is non-flammable, ready-to-use, non-flammable degreaser dries quickly and leaves no residue upon drying.

ELON - DEGREASER/ANTI BACTERIAL

ELON is a multi-purpose cleaner and degreaser plus anti-bacterial. It can be used for heavy duty degreasing of floors, walls, food preparation benches and toilets as well as an effective oven and grill cleaner, and for general spray and wipe. ELON also has a sweet musk fragrance to rid the cleaned area of odours.

RUSTWASH

Rustwash is a revolutionary corrosion treatment that removes all corrosion and rust from surfaces, leaving a clean base metal to work with. It is a non-hazardous, water-based solution that is biodegradable and will not harm the environment. It contains no solvents, phosphates or caustic elements. Rustwash is used to clean chains, engine blocks, generators and to clean metal prior to galvanising. Whole engine blocks can be immersed without the removal of water hoses, fan belts, electric generators and starter motors.

INDUSTRIAL...CONTINUED

TAR PITS - BITUMEN / ASPHALT REMOVER

Tar Pits is derived primarily from natural edible plant oils therefore are free of VOC and the customary traditional solvents making this technology now available to address the environmental issues surrounding the removal of bitumen, asphalt and heavy duty grease.

DIRTY MITTS - INDUSTRIAL HAND CLEANER

Dirty Mitts is an abrasive, water based, solvent free hand cleaner designed to remove the toughest grease and dirt. Dirty Mitts is formulated with high quality, biodegradable surfactants and contains natural eucalyptus oil which is a powerful sanitiser & degreasing agent and also leaves a pleasant fragrance. The cleaning action is further improved by the inclusion of polymer beads which gently massage the skin helping to loosen grease and dirt. Dirty Mitts is perfect for use in mechanical workshops, mining, farming and around the home.

CHEFS KISS - OVEN CLEANER

Chefs Kiss is a fully biodegradable product – use it as a powerful cleaner without worrying about damaging the environment. Chefs Kiss is a tremendously powerful blend of chemicals specially formulated to tackle the toughest, hardened food waste, greases, fats and stains from hard working ovens, grills and hot plates. Its blend of sodium hydroxide, water softening agents and penetrating surfactants means that Chefs Kiss is equipped to take on jobs other cleaners aren't strong enough to handle. Chefs Kiss quickly penetrates grease and hardened carbon deposits. Its highly concentrated formula makes it economical to use and its stable formulation (i.e.: there is no deterioration during storage) minimises wastage of the product.

AUTOMOTIVE/MARINE

SHINY AF – CAR/TRUCK/BOAT WASH

Shiny AF has been developed in Australia as a heavy-duty cleaner designed to deal with the toughest grime and dirt. It's not caustic and contains no solvents – but its powerful foam has an unbeatable combination of surface action agents and emulsifiers. SHINY AF, leaves you with an Amazing Finish!

INSIDE JOB - INTERIOR CLEANER

Inside Job is specially formulated to protect, enhance and preserve all timber, vinyl and plastic surfaces in all automotive, marine, transport and household applications. contains natural pine oils that bring out the natural beauty in wood, vinyl, or any hard surface by restoring, concealing fine scratches and conditioning without wax build-up or silicones that gather dust. (non-Silicone)

RUBBER UP – RUBBER/TYRE/VINYL SHINE

Rubber Up is a long-lasting water-based silicone polish that is ideal for rejuvenating leather, vinyl, vehicle tyres, some plastics & wood grain

FRESH OFF THE BOAT - ODOUR REMOVER

Fresh Off the Boat is effective in suppressing airborne odours in most areas. Fresh Off the Boat can be diluted with water up to 1-1 depending on odour, spray onto affected areas or use in a carpet cleaner. Fresh Off the Boat will remove odours and keep them gone.

HOUSEHOLD

CLEAN AS NEW — LAUNDRY LIQUID

Clean as New is a superior double strength laundry liquid which also contains generous quantities of water softening agents. Clean as New is especially suited for washing delicate fabrics such as woollens and poly-cottons. Clean as New works effectively even at low temperatures.

SCRUBBED CLEAN - DISHWASHING

Scrubbed Clean is a premium high quality dishwashing liquid. It effectively cleans all types of wares, removing the toughest soils. The unique detergent blend promotes sparkling clean results and does not make wares slippery to handle. Scrubbed Clean also contains skin softeners leaving your hands feeling fresh and revived.

SUDS UP!

A high foaming cleaner/sanitiser ideal for use in the removal of germs, mould and fungi from stainless steel, metal, plastics and in dark areas such as toilets and showers. It leaves a germ and streak free surface.

CREAM CLEAN

Cream Clean is a non-abrasive crème cleanser. Designed to be used as an easy rinsing all-purpose hard surface cleaner. Cream Clean contains a subtle blend of surfactants which help break down grease and a dental grade pumice stone which polishes the surface without scratching. It is ideal for baths, basins, tiles, stove tops, stainless steel sinks and all hard surfaces.

CRYSTAL CLEAR - GLASS CLEANER

Crystal Clear is a strong, yet environmentally friendly glass and hard surface cleaner. Simply spray and wipe

HIT THE FLOOR - FLOOR CLEANER

Hit the Floor is a neutral, hard surface cleaner. It removes light to general soiling from a variety of different surfaces including vinyl, stainless steel, linoleum, terrazzo, marble, glass and paintwork. Hit the Floor leaves a fresh lavender deodorising fragrance.

GREEN CLEAN

Green Clean is a multi-purpose cleaner and degreaser. It can be used for heavy duty degreasing of floors, walls, food preparation benches and toilets as well as an effective oven and grill cleaner, and for general spray and wipe.

HOUSEHOLD - CONTINUED

SOFT CLOUD – FABRIC SOFTENER

Soft Cloud is a biodegradable fabric softener/ anti-static product that softens & lubricates fabrics thus extending their life. With Soft Cloud you will have no more 'clingy-clothes' – it has a highly effective anti-static agent. It leaves the tireddest fabrics soft and fluffy

PAWFECT BUBBLES PET SHAMPOO & CONDITIONER

Pet Shampoo and Conditioner is the perfect combination to clean and condition your dogs, cats, small animals. It is all natural with no nasties, a lovely light coconut scent from pure coconut oils which promote a healthy coat and help prevent dry or flakey skin.

PET PEEVE – ODOUR REMOVER

Pet Peeve is a safe and economical odour control solution for pet smells on synthetic grass and backyard areas. It leaves outdoor play areas smelling fresh and clean
